Major Medical Claim Form

When to Use This Form

Use this form to file a claim for benefits when:

- you (the group employee), your spouse, or your children have used the services of a doctor, hospital, ambulance, medical supply facility, pharmacy, or anyone else who provided services covered under your benefit program: **and**
- you have already paid for the services, or if whoever provided these services refuses to file a claim.

When Not to Use This Form:

Do not use this form for dental claims or if any doctor or hospital has already submitted a claim for the services provided.

Use a Separate Form For Each Patient

You must file a **separate** form for each patient claiming benefits. For example, if you and your child both see the same doctor on the same day, you must file two claim forms.

How to File a Claim

Complete This Form.

Answer all questions on the other side of this form. Be sure to:

- enter your Anthem Blue Cross and Blue Shield identification and account numbers (from the front of your ID card):
- complete all answers about the employee whether you are the patient or not; and
- complete all information about the **patient**.

Attach Detailed Receipts

We will not process your claim unless you attach receipts for the services. **Receipts must be signed** by whoever provided the services or be on their letterhead and:

- show the patient's name;
- give the date the services were provided;
- describe the services, and diagnosis;
- indicate the charge for each service.

Keep copies of your receipts. We can't send back receipts you attach to this form, so we suggest you make copies of them for your records.

Claims for Nursing Care or Medical Equipment

You must attach Nursing notes from the nurse if the claim is for private duty nursing. The nurse who was on duty can provide these.

You must attach a physician's prescription describing the type of durable medical equipment needed and indicating how long it will be needed.

You are encouraged to file claims at any time during the year, once your deductible has been met. However, you must file all Medical receipts by December 31st of the year FOLLOWING the year in which the service was provided.

Where to File your Claim

When you have completely filled out the other side of this form and attached detailed receipts, send your claim to *the address listed on the front of this form*.

Filing Claims for Medicare Patients

If a patient is eligible for Medicare, read the following information carefully.

File all bills. File all doctor bills with Medicare in the state where the service was provided.

The "Explanation of Medicare Benefits." When Medicare has processed the claim, it will send an explanation of what it will pay. This is called an "Explanation of Medicare Benefits." Keep it. You may need it.

Services in Indiana. If the services were provided in Indiana, your claim will automatically be sent to us so we can process any Medicare Supplemental payments.

Services outside Indiana. If the services were provided outside Indiana, you must send us your "Explanation of Medicare Benefits" and itemized doctor's bills so we can process any Medicare Supplemental payments.

Claims for unpaid charges. When your Medicare Supplemental payment claim has been processed, you will receive a "Health Care Claims Summary" describing the action taken. If part of the claim remains unpaid at this point, you may make a claim for the unpaid charges under your Major Medical Plan. To do so:

- complete this form;
- attach your "Explanation of Medicare Benefits";
- attach the "Health Care Claims Summary" to your Medicare Supplemental payment claim; and
- **send these materials to us.**
